

Refining Masks and Selection

Here is a good video on refining a selection/mask, especially using the dodge and burn tools on the mask.

<http://www.youtube.com/watch?v=hLLPL2ZbA30>

This is a very good video on how to create a mask of a woman's hair and how to use the Refine Mask dialog to make it work easily. This fellow is really weird and verbose but it is good content.
